Industry Says Union Demands Inflationary

By NORMAN WALKER

WASHINGTON (AP)—The steel industry said today that union demands for reducing wage-benefit demands have been the black to a steel-labor peace pact.

R. Conrad Cooper, speaking for the industry, told President Eisenhower's inquiry board that instead of reducing wage-benefit demands to keep within the industry's productivity gains, the union has only recently boosted its settlement terms.

Cooper is executive vice president of U. S. Steel Corp. and chief industry negotiator.

"The union now, in the face of an urgent need for settlement that would eliminate the economic uncertainties arising from a continuation of the dispute and the possibility of resumption of the nationwide strike at the end of the injunction period, seeks to impose even more burdensome terms of settlement," Cooper said.

"This is the very antithesis of union responsibility and proves beyond question that it is the union's policies and bargaining practices that have been solely responsible for the continuing deadlock."

The three-man board, headed by University of Pennsylvania Prof. George W. Taylor, is gathering data for a report to be submitted to Eisenhower on Jan. 6.

In open hearings Monday the panel heard the Steelworkers' Union outline its position in testimony marked by bitterness and a scarcely veiled threat of a renewed steel walkout in late January.

The union labeled the steel firms "industrial isolationists" out of step with the rest of American management.

David J. McDonald, union president, hinted that when the present 60-day Taft-Hartley law injunction expires on Jan. 26, the union may strike only part of the industry in a divisive and complex strategy.

Asked to be specific on plans for a renewed strike, McDonald said only "Would He tell Khrushchev?"

R. Conrad Cooper, chief industry negotiator, said he considered the notion of a selective strike only academic because the union has traditionally conducted walkouts on an industry-wide basis.

McDonald said nobody can accurately predict what the union may do if there is no settlement when the injunction runs out. The court order stopped a record 116-day strike in early November.

The expiration of the union's side of the dispute lacked any ray of hope for an early settlement.

Donald Chairman Taylor said the industry and union are now so hopelessly deadlocked there is no point in even trying to get them together on an agreement before the Jan. 6 report to Eisenhower.

The government will conduct a poll of half million Steelworkers on Jan. 11-13 on the various company "last offers" of settlement. These are all alike except for minor details.

The industry has offered wage benefits gains over a three-year period valued by the companies at 25 cents an hour per worker but priced by the union at 22 cents.

The union seeks a 20-month contract with gains it values at about 30 cents an hour but which the industry claims would cost about 45 cents. The workers average \$3.11 hourly.

A dispute over work rules also is at issue. The companies say they want relief from contract terms that prevent them from making work force economies. The union maintains industry wants to invoke a speedup and cut out over 100,000 jobs.

Fayetteville Gets a Library Site

FAYETTEVILLE, Ark. (AP)—A \$35,000 tract for the site of a new Fayetteville public library has been given to the city.

The donor is Gilbert Swanson of Omaha, Neb., a son-in-law of the late Mrs. Roberta Fulbright of Fayetteville, who died in 1953, and husband of Mrs. Roberta Fulbright Swanson of Omaha, who died earlier this year.

Swanson said he believed it to be a gift "my wife and Mrs. Fulbright would heartily agree is a fine one."

"I am extremely happy to do this in memory of one of the finest ladies I ever knew," he added, referring to Mrs. Fulbright.

When a building is constructed on the site, on East Dickey street, the library will move from its present quarters on the second floor of the Municipal building. Voters have approved a \$225,000 bond issue for construction of a new library.

Mrs. Fulbright, in whose memory the gift was made, was the mother of Sen. J. William Fulbright (D-Ark) and was publisher of the Northwest Arkansas Times here.

Assessment Ratio to Be Released

LITTLE ROCK (AP)—The Arkansas Assessment, Co-ordination Division plans to release county assessment ratio figures tomorrow.

C. Jack Cato, division director, did not indicate if any of the 75 counties had failed to bring properly assessments up to the required 13 percent of market value.

Cato said yesterday the division had finished work on assessments of all but two counties, which he did not name. He said officials of the counties had assured him their reports would be in by tomorrow.

The division will certify assessment ratio totals to the state Department of Education, the state auditor and the state treasurer. They are to withhold state aid from counties which the division certifies as below the 13 percent level of fair market value.

Next year assessment ratios must be up to 20 percent of value, Cato said.

Population Census for Next Year

WASHINGTON (AP)—The Census Bureau says it is going to compile entirely new statistics next year on the declining farm population. These will show that there are substantially fewer farmers than past figures indicated.

The bureau said it will make a distinction in the 1960 census between actual farmers and people who live in the open country, often in former farm homes, but do no farming.

This will reduce the official farm population substantially, the bureau said yesterday. A spokesman said no estimate is available of how many people now classed as farmers would be removed from that category under the new rules.

Currently, the farm population is estimated at 21,172,000 compared with 25,043,500 in 1950.

The bureau said that during next April's census and thereafter, it will use the same definition of a farm as is used in the census of agriculture. This employs such factors as land acreage and value of farm products sold in determining what is a farm. The bureau said.

"This change is largely stimulated by the fact that an increasing number of families whose livelihood is not gained directly from agriculture are now living in the open country. These families tend to report themselves as living on farms."

Bess Cummings, 65 Dies in Hospital at Little Rock

Miss Bess Cummings, aged 65, a resident of Prescott, Ark., died yesterday in a Little Rock hospital. She is survived by a brother, J. E. Cummings of Prescott.

Funeral services will be held at 2 p.m. Wednesday at Friendship Cemetery, near Cole, with the Rev. W. E. Hargett in charge. Burial by Herndon-Connelley will be in Friendship Cemetery.

Father of the Rev. Bill Moore Dies

The father of the Rev. Bill Moore, pastor of the Unity Baptist Church here, died early today in McAlester, Texas. Funeral arrangements will be an affair.

Mrs. Alice Huskey Dies Here Monday

Mrs. Alice Huskey, aged 77, died last night in a local hospital. She was a long-time resident of Prescott, Ark. Funeral arrangements will be announced by Comish Funeral Service of Prescott.

U. S. Prepares Way to Resume Nuclear Tests

By DOUGLAS B. CORNELL

AUGUSTA, Ga. (AP)—The United States freed itself today to resume nuclear weapons tests at any time—but with prior notice to the rest of the world.

The decision was reached at a top level conference of 15 administration officials, headed by President Eisenhower.

It put the country in a position to take a tougher stand in negotiations with Russia at Geneva over discontinuing nuclear tests.

What the administration did was to begin what a presidential statement called a "period of voluntary suspensions of nuclear weapons tests," beginning Jan. 1.

During this period, the President said, the U. S. will continue its active program of weapon research, development and laboratory-type experimentation.

"Although we consider ourselves free to resume nuclear weapon testing, we shall not resume nuclear weapons tests without announcing our intention in advance of any resumption," Eisenhower said.

At the moment the United States is operating under a moratorium on tests which last until midnight Thursday.

It has been in effect for 11 months. The White House said the moratorium was a definite commitment covering a definite time, was distinct from the new "voluntary suspension" which carries no deadline.

Eisenhower accused Russia of clouding the Geneva talks, now in recess until Jan. 12, with "unsubstantiated and technically unsupported" information. He said the Soviets have injured chances of agreement for a halting of nuclear tests, but this country nevertheless will continue taking part in the discussions.

Among those the President called into today's meeting were Secretary of State Christian A. Tamm, Secretary of Defense Thomas S. Gates Jr., Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff, and Chairman John A. McCone of the Atomic Energy Commission.

Also on the list were James P. Wadsworth and Dr. James B. Fisk who represent the United States in different phases of East-West negotiations at Geneva on halting the testing of nuclear weapons.

Another round of golf was the only other definite item on the Eisenhower program for today.

The administration is expected to come through with an indefinite continuation of the moratorium on nuclear tests. That would leave it in effect from day to day and week to week, with no fixed expiration date.

Eisenhower then would be at liberty to order testing resumed whenever it appeared to be vital to national security. The Soviet Union would be under notice that the bid may come off unless the Geneva talks make definite headway.

Services Wed. For E. E. Moses in Texarkana

Funeral services for Erva E. Moses, 59, who died Sunday at Texarkana, will be held at 10:30 a.m. Wednesday at East Memorial Chapel with the Rev. D. O. Silvey officiating. He was a native of Homestead, Pa.

Survivors include his wife, two daughters, Mrs. Bill Chastain of Texarkana and Mrs. Harlan Robertson of Anchorage, Alaska; five sisters, Mrs. Ellen Boswell, Mrs. Ben G. Southward, Mrs. J. B. Ellen Sr. and Mrs. A. A. Brown Fraser of Homer, La., and Dr. L. son of Washington, D.C.

35 More Arrested in Cuba Affair

HAVANA (AP)—Officials have arrested more than 35 persons, including the former director of the conservative newspaper Diario de la Marina, the newspaper Revolution said today.

Revolution, the newspaper of Prime Minister Fidel Castro's revolutionary movement, asserted Eugenio de Sosa Chabon, 43, former director of Diario de la Marina and former owner of the Santa Regina sugar mill in Oriente province, headed a group of 20 persons who plotted seizure of the naval arsenal at Casa Blanca across the bay from Havana.

Castro has often criticized Diario de la Marina as being counter-revolutionary.

Nine other persons, including one woman, were seized in a second group which Revolution said was plotting to acquire dynamite for terrorist uses. The report said the arrests were made after Castro agents penetrated the group which met on a Honduran ship.

Other persons, including one woman, were seized in a second group which Revolution said was plotting to acquire dynamite for terrorist uses. The report said the arrests were made after Castro agents penetrated the group which met on a Honduran ship.

A Blockbuster Storm Strikes in the Northeast

By THE ASSOCIATED PRESS

A blockbuster storm dumped heavy snow on the northeastern quarter of the nation today.

Power lines snapped under a burden of ice. Travel slowed or stalled in snow that ranged up to a foot in depth.

Nineteen deaths were reported in the nation, including were Oregon 4, New York 3, Massachusetts 3, Maine 3, Kansas 2, Wisconsin 2 and 2.

Up to a foot of snow was on the ground in Northern New York and in Portland, Maine. But the Weather Bureau warned that up to 16 inches may pile up in Maine, Vermont and New Hampshire.

It was the worst storm of the winter in New England. Lighter snowfalls were reported westward as far as the Mississippi Valley.

Many chilled homes lacked light and heat after ice broke power lines. Many plane flights were canceled. Buses ran behind schedule.

Power failures at the American Optical Co. in Cheekwaga, N.Y., near Buffalo, sent 900 workers home.

Electrical shock from downed wire killed two men in New York.

Gale warnings were hoisted along the New England coast. Scores of accidents on perilous highways were reported in the northeastern quarter.

A freeze following 36 hours of rain led streets in Detroit.

Sleet and freezing rain felled trees and broke power lines in central Michigan. Four University of Washington students were killed when their car crashed into a truck on an icy, foggy road near Eugene, Ore. The victims were bound for the Rose Bowl football game in Pasadena, Calif.

As the snow abated in the Midwest, many highways and roads remained clogged with snow, leaving hundreds of motorists stranded. Blowing and drifting snows hampered snow removal operations.

The stormy, windy weather across most areas from the Plains to New England has caused widespread damage and inconvenience to millions since Christmas.

At least nine deaths were attributed to the storms. Traffic accidents on ice or snow-slicked highways killed three persons in Maine and two each in Kansas, Wisconsin and Iowa.

Communications and power service were disrupted in many areas. Ice-coated lines broke and son of Washington, D.C.

Big 3 Proposes Summit Talks in Paris May 16

AUGUSTA, Ga. (AP)—The United States, Great Britain and France formally proposed to Russia today that the four powers open a summit conference in Paris May 16.

The next move is up to Soviet Premier Nikita S. Khrushchev. White House press secretary James C. Hagerty said there has been no indication yet whether the new date is acceptable to the Russian leader.

Word of the Allied decision on summit timing was an ill-timed secret in numerous world capitals.

The Western powers agreed on May 16 a day or two ago, but they withheld an actual announcement until they could notify Khrushchev.

This was done in similar diplomatic notes, delivered in Moscow today, from President Eisenhower, Prime Minister Harold Macmillan of Britain and President Charles de Gaulle of France.

If Khrushchev agrees to their proposal, the Western trio probably will get together in Paris a day in advance of the opening of their session with the Soviet Premier.

The Big Three originally had suggested convening a summit conference on April 27. Since the meeting would have conflicted with Russia's huge May Day celebration on May 1, Khrushchev countered with April 21 or May 4.

An April 21 meeting was unacceptable to Eisenhower and De Gaulle, as the French President plans to be visiting the United States and Canada about that time. Macmillan would have been tied up early in May with a British Commonwealth Conference scheduled for May 3 to 14.

Oliver Defends Arkansas' Tax on Gasoline

LITTLE ROCK (AP)—State Highway Director F. R. Oliver today defended Arkansas' gasoline tax and declared that it benefits the oil industry as well as the public.

He said oil dealers should regard the tax, which helps pay for roads, as a sound business investment.

"If we didn't have highways the oil dealers wouldn't be selling oil," Oliver said. "They would be farming or doing something else."

His statement was inspired by a recent release from the Arkansas Oil Dealers Assn. The release put emphasis on the share of the gasoline tax borne by Arkansas motorists.

Among other things the release said motorists pay as much of the tax in 12 days now as they paid during the entire first year after the tax was inaugurated in 1921.

"You would think the oil dealers pay the tax," Oliver commented after reading the release.

The dealers association said \$218.60 was collected from the tax in the first year. The association estimated Arkansas motorists would pay a total of \$61,660,000 in 1958 — 63 cents per gallon in state tax and 4 cents in federal tax.

Oliver said the comparison between conditions in the early 1920s and those of today was "misleading," and cited the great increase in the number of cars on the road.

"Besides, we didn't have any highways then," he said. "About the only concrete pavement in existence at that time was the Dollarway street between Little Rock and Pine Bluff."

Oliver drew a comparison between auto insurance and the gasoline tax. He said a typical car owner would pay about \$80 a year in gasoline tax, some \$20 less than the cost of insurance.

"This means the tax costs the motorist about two-thirds of a cent for each mile he drives," the director said, figuring on an average driving total of 12,000 miles a year.

In Oliver's opinion, a motorist "would pay more in auto repairs to travel over poor roads than he does in gasoline taxes to travel over good roads."

He also said: "I doubt that the average car owner is conscious of the tax each time he fills his tank."

One way to get a kid to shift for himself is to buy him a foreign sports car.

Weather

Government Station report for Tuesday ending at 7 a.m. Tuesday, Dec. 29: Low 34; No precipitation; 1959 precipitation through Dec. 28, 40.36; during the same period a year ago, 50.03 inches.

2 Die, 25 Stricken by Food Poisoning

DETROIT (AP)—Two women died and 25 persons, including eight children, were stricken ill with food poisoning in Detroit Sunday.

The dead were Anna Kabanak, 61, and Isabella Tait, 79. Nineteen were admitted to hospitals, and six were treated and released.

Detective Sgt. Dave Harris of the Homeless Bureau said there was no reason for general alarm. "There was no connection between the scattered attacks," Harris said. "In each case the trouble seemed to stem from food that had spoiled or that hadn't been properly prepared."

To Tag Unfavorable Stories to Castro

HAVANA (AP)—The governing board of the Provincial Assn. of Journalists sent a letter to each Havana newspaper today asking that notes be inserted at the end of foreign news dispatches which the newspaper's workers might consider unfair to the Fidel Castro government.

The board suggested that dispatches be followed by this editor:

Workers With Weapons Are Not Charged

ALBERT LEA, Minn. (AP)—No charges are being filed against nine non-union workers in whose cars weapons were found as they arrived to reopen the Wilson & Co. meat packing plant here Monday.

The workers were held in jail until O. Russell Olson, Freeborn County attorney, ruled Monday night that they could not be charged with contempt because they had not been officially served with a district court order barring firearms near the plant.

The nine were jailed after National Guardsmen under direction of Sheriff Everett Stover discovered the guns during inspection of the cars of 200 workers entering the plant.

"I have decided the benefit of doubt must be given these men and no statutory criminal action will therefore be taken," Olson said. He warned future violations would bring action.

Other than the finding of the weapons, the reopening was without incident. It marked first slaughtering done at the plant since martial law was declared Dec. 11 in the wake of violence between United Packinghouse Workers pickets and 500 non-union workers Wilson had been using. A federal court ruled last week that closing of the plant under the martial law edict was illegal. The union has been on strike since

have been the guests of Mr. and Mrs. J. M. Ingram, have returned to their home in Houston.

PRODUCTION PERCENTAGES BY STEELMAKING DISTRICTS

STEEL'S BOUNCING BACK—Busy as beavers are the steelmakers, turning out basic steel from which steel strike-depleted inventories will eventually be replenished. Industry estimates indicate that it will take through the first two months of 1960 to clean up most of the orders placed in the final quarter of this year. Percentages are for one recent week's mill output, nationwide, and they're still climbing. Note: percentages represent production by districts, and not by individual cities or firms. — from Steel Magazine.

IT'S A BREEZE—Carol Byron wears a costume of some period or other as she displays a fan from the 1890s. The Australian device burned alcohol or gas. Enough compression was generated to turn the blade, stirring a slight breeze.

high winds pulled down wires. Plane and bus travel was halted in many places, curtailed by others. Shipping in many Eastern ports was halted Monday by a dense fog.

Driving conditions throughout the belt of snow, rain and sleet were extremely hazardous. Cold rain, whipped by strong winds, hit the Philadelphia area Monday night, lifting the heavy fog which for two days blanketed the Delaware Valley along with most of the Atlantic seaboard.

The fog which shrouded most of the East Coast paralyzed air and ship travel and snarled traffic.

Jonesboro Names New Police Chief

JONESBORO, Ark. (AP)—E. E. (Bert) Frazier, veteran police officer and one of the original Arkansas Rangers, will be named Jonesboro police chief when Mayor-elect Herbert Sanderson takes office Jan. 1.

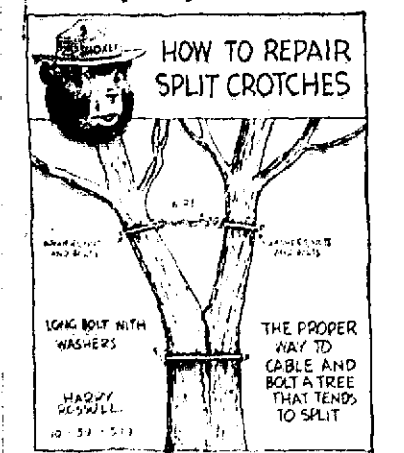

Sanderson made the announcement yesterday. Frazier was one of 13 men in the Rangers, a law enforcement group formed in 1935 which later became the State Police. Frazier stayed on for 10 years as a lieutenant in the new outfit, in charge of investigation in the Newport district.

He also has served as a coroner, deputy sheriff, railroad special agent, game warden and civilian guard supervisor at an air base. He has been a deputy U.S. Marshal since 1946.

Frazier will replace Herbert Perce, chief for the past two years.

Nov. 3. Negotiations seeking to resolve differences between Wilson and the union were resumed today in Chicago.

Smokey Says:

Forest fires damage many trees. Be careful with fire!

Life About Folks Around Arkansas

By BOB HARING

Associated Press Staff Writer

Goodbye, 1959. Hello, 1960.

And Happy New Year to you all.

On this note, let's consider the

"good old days." Few of us can

remember the really good old days

of 1972, but talks on the Jones

boro Sun found some reminders

in the office rules posted by the

proprietor of a carriage works in

that year. He decreed:

"Office employees will daily

sweep the floors, dust the furniture

shelves and showcases. Each clerk

will bring in a bucket of water and

a scuttle of coal for the day's

business. Clerks will each day fill

lamps, clean chimneys, trim wicks.

Wash the windows once a week."

He listed office hours: "This

office will open at 7 a.m. and

close at 8 p.m. daily, except on

the Sabbath, on which day it will

remain closed. Men employees will

be given an evening off each week

for courting purposes or two evenings

a week if they go regularly to church."

Tariff was encouraged: "Every

employee should lay aside from

each pay a goodly sum of his

earning for his benefits during

his declining years, so that he will

not become a burden upon the

charity of his betters."

Smoking Spanish cigars, using

liquor, getting shaved at a "barber

shop or frequenting pool or public

halls were "good reason to

suspect his (the employee's) worth,

intentions, integrity and honesty."

But the faithful were rewarded:

"The employee who has performed

his labors faithfully and without

fault for a period of five years

in my service... will be given an

increase of five cents per day in

his pay, providing a just return

in profits from the business per-

mits it."

Anybody for the good old days?

There was no lack of grim news

Dec. 24, but readers of the Rogers

Daily News didn't see it.

The editors, in a front page box,

explained, "On this Christmas Eve

we're just a little tired of

news. We hope you are too.

us losing it away with

Merry Christmas."

John West lives in

Dec. 31 Years Eve Dance will be at the Country Club. Dec. 31 from 10

Christmas Party
The family of J. Allen and Mrs. C. Allen celebrated Christmas Eve with a festive party. Festive decorations were seen as scalloped of silver, and blue on candles and glittered glass cards from far as a cedar wreath on the Christmas tree.
relatives attending were Mrs. Willie C. Allen, Mr. and Mrs. Doyle Allen and daughter, Mr. and Mrs. Earl Allen, Mr. and Mrs. Albert Sanders, Jr., of Nashville, and S/Sgt. Allen of Amarillo.

Hope attending the party were Mr. and Mrs. Allen and daughter, Mr. and Mrs. C. J. Barnes, Kenneth Renfro, Mr. and Mrs. Stewart and daughter, and Mrs. Lynn Stevenson.

Combination Christmas
A birthday party for Sgt. was 55 in attendance.

Home Has Party
The Reel Home held its Christmas party on Dec. 28. Gits from relatives were distributed.

and Going
A pack of Chicago has been after spending the night with his mother, Mrs. and other relatives.

Mrs. Dorris Shipp and George and Johnny of the weekend guests of Mr. and Mrs. George.

Mrs. Jackie Porter of the weekend guests Mrs. J. W. Cash and Mary and Mar returned home with.

of Dallas was the best of Mr. and Mrs. and Genevieve.

Jackson returned Sunday holiday visit with her Mrs. Jewell Talley and Lawrence Talley of Texas.

P. McGraw returned with her son, R. G. family in Baytown, McGraw and family visiting in Hope and with Nashville, Mrs. Charles.

Ohio Police Baffled by Sniper Slayer

PAINESVILLE, Ohio (AP) — Lake County's sheriff, admittedly baffled, asked outside crime experts today to help solve the Christmas Eve sniper slaying of Charles R. Clark in nearby Mentor.

Sheriff William B. Evans said he would release from custody today Floyd E. Hargrove who had in turn denied, admitted and then again denied firing the fatal shot.

A polygraph test Monday indicated Hargrove, 35, a truck driver, had lied when he admitted Saturday and again Sunday that he killed the husband of the woman with whom he carried on an eight-month love affair.

Evans asked the state to send its mobile crime laboratory to Mentor. He also wants Cleveland police experts to examine the lead slug that pierced Clark's right temple.

It was the failure of skin divers to find the rifle with which Hargrove said he fired that slug that cast doubt on his profession of guilt.

Hargrove, divorced father of five, said he decided after a 10-minute meeting at the jail Saturday with Lois Clark that he "could spare her and her family any further investigation and suffering by confessing."

"I love her deeply. I'm worried for her welfare," he explained.

Mrs. Clark, a beautiful brunette of 30 who was a model in Florida where she met and married Clark at 16, has admitted sex relations with six men besides Hargrove. Sheriff Evans said "Three of these men were absolved by polygraph tests Monday, the sheriff said."

Clark, 35, a \$10,000-a-year electrical engineer, was buried Monday after services in the Mentor Methodist church where he was Sunday School superintendent. His wife said he never knew of her relations with other men.

Evans said he planned to question Mrs. Clark today "without the lie box" but may use it "if she's calmed down enough." She has been under sedation much of the time since the slaying.

Mrs. Clark has told the sheriff that she went to Cleveland on Dec. 24 to buy two corduroy shirts as a gift for her husband. She said she was in another room with three of the Clark's four children, brimming the Christmas tree when the fatal bullet crashed through the kitchen window.

Combine Gets Contract With Soviet Russia

MOSCOW (AP) — An American combine has won a 30-million-dollar "cash on the barrel head" contract to build a textile plant for the Soviet government. It is the biggest deal private American business has made with the Soviets since World War II.

The plant—to be built at Kalinin outside Moscow — will be the largest of its kind built in recent years, said a spokesman for Intertex International Inc. of New York City.

He said the Americans won out over a British combine which offered to build the plant 20 to 30 per cent cheaper on three to five-year credit.

Sidney Schuster of Intertex International directed negotiations for the American combine which is made up of 40 firms.

International U. S. Deficit Is Worrisome

WASHINGTON (AP) — Secretary of the Treasury Robert B. Anderson said today the United States faces a worrisome deficit in its international financial dealings next year, despite signs of recent improvement.

In a major policy speech prepared for a joint luncheon of the American Finance Assn. and the American Economics Assn., Anderson said: "We should not interpret short-run improvements in our balance of payments position as necessarily indicating that our problems have ended."

He said continuing action is needed to help shave the payments deficit and guard against a backsliding of the dollar.

Anderson's comments apparently were directed at a Commerce Department report that the July-September quarter saw a significant improvement in the U.S. payments position.

The problem is that more dollars are flowing out of this country through purchases and investments abroad, foreign and tourist travel and other means than are flowing back. The difference is called the balance of payments.

Foreign buyers of dollar credits ask for gold, and the deficit balance is then at a reduction in U.S. gold reserves.

CRACKDOWN ON LR VICE

LITTLE ROCK (AP) — Little Rock City Manager Dean Dailey said today a crackdown on vice in the capital is scheduled for 1960.

The crackdown targets in the anti-vice drive will be gambling, prostitution, public drunkenness, and other vice crimes. Dailey said vice arrests in 1959 doubled those in 1958.

Mrs. W. A. Regnier

On December 28 Miss Laura Irene Thornton, daughter of Mr. and Mrs. Roy Thornton, and the Rev. Robert Regnier, son of Dr. and Mrs. W. A. Regnier of Crosssett, were united in holy matrimony at the First Methodist Church of Hope.

The double-ring ceremony was performed by the Rev. Rufus Sorrells in a setting of seven-branched candelabra and baskets of white stocks. Nuptial music was played by Mrs. B. C. Hyatt, organist, who also accompanied Miss Jan Newby of Little Rock as she sang "O Perfect Love" and "The Wedding Prayer." The tapers were lighted by Misses Jean and Cathy Copeland of Texarkana, cousins of the bride.

The bride's father gave her in marriage a traditional wedding gown of lace over satin. It was fashioned with a scalloped sabrina neckline, long sleeves, and a V-shaped waistline. The floor-length skirt swept into a short train. Her veil of illusion fell from a satin caplet encrusted with pearls and sequins. The bride's cascade bouquet was centered with a white orchid.

Miss Judy Hammons of Little Rock was the bride's maid of honor, and the bridesmaids were Miss Judy Thornton, sister of the bride, and Miss Mary Jane Regnier of Crosssett, sister of the bridegroom. They wore identical frocks of American Beauty velvet, designed with a small bow on a low neckline, three-quarter length sleeves, and a full skirt. They had a matching bandeau and carried pink carnations.

Little Miss Lucy Thornton of Mona, niece of the bride, was attired in pink velveteen as she performed the duties of flower girl.

The bridegroom's father served him as best man. Groomsmen who also served as ushers were the Rev. Elmo Kinch of Glenwood and Charles Portis of Little Rock. Other ushers were Oris Thornton of Mona, brother of the bride, Joe Crain of Hope and Jack Bennett of Nashville.

For her daughter's wedding Mrs. Thornton wore a dress of blue lace over tulle with a matching hat and a white orchid corsage. Wearing a pink dress with blending accessories Mrs. Regnier, mother of the bridegroom, pinned a purple orchid corsage at her shoulder.

At the reception which followed in the recreation room of the church the guests were introduced by Mrs. Foy Hammons to the receiving line where they met the wedding party and the parents of the bride and groom. The bride's table was decorated with an epergne filled with pink carnations and pink candles.

Serving the punch and the tiered wedding cake were Mrs. Tom Headley of Arkadelphia, Mrs. John Heffley of Pine Bluff, Mrs. Edward Dunlap of Arkadelphia, and Mrs. Edward McLean of Malvern. Mrs. Joy Bagwell of Paragard presided at the bride's book.

Also dispensing hospitality to the guests were Mrs. Rufus Sorrells, Mrs. Elbert Burke, Miss Carolyn Young and Miss Jean Ball of Nashville, Miss Marie Mizzell of Little Rock, Miss Mary Jo Stone and Miss Mary Janice Nethery of Arkadelphia, and Miss Rebecca Pimbley.

When the newlyweds left for a short trip, the bride wore a mauve suit with a pink hat. Her other accessories were black and her corsage was the orchid from her wedding bouquet. Upon their return the Rev. and Mrs. Regnier will make their home at 7507

World Bank Walking a Tight Rope

(Foreign News Commentary) By PHIL NEWSOM

UPI Foreign Editor
The receipt 50 million-dollar World Bank loan to Egypt has served to re-emphasize the tight-rope which the United States walks between Egypt and neighboring Israel.

The Egyptian loan was granted as a start toward an expensive modernization program for the Suez Canal.

It was protested by the Israeli government which currently has cargo aboard two ships tied up in the canal because of the Egyptian government ban against transit of Israeli ships or goods.

The fact that the loan was granted was a further sign of the gradually improving relations between Egypt and the Western nations. But it also points up again the seemingly insoluble problems confronting the United States and its allies in dealing with the Middle East.

With the 1956 attack by Israel, Britain and France on Egypt as the exception, Egypt and Israel have lived in an uneasy state of armistice since 1949.

Financial Drain Heavy

The financial drain on both has been heavy.

But at the same time both have been engaged in bookkeeping operations attempting to boost their economies.

Since Israel's inception as a state, an Israeli dream has been to harness the waters of the Jordan River for electric power and irrigation. One facet of this plan is a project to pipe Jordan waters 100 miles southward to irrigate the arid Negev.

It is bitterly opposed by the Arab nations, over Israeli claims that no waters belonging to the Arab states would be affected.

Another Israeli project has been the building of a railroad to the port of Aqaba, bypassing the Suez Canal and opening the way for shipments of Israeli goods in the direction of Asia via the Red Sea.

This also has met bitter Arab objections who look upon the Gulf of Aqaba as an inland Arab sea. President Gamal Abdel Nasser also has grandiose plans for development of the United Arab Republic (Egypt and Syria).

Modernization of the Suez Canal is one, bringing in much needed hard currency for the Egyptian treasury.

Discuss New Loan

Another is the fabulous Aswan Dam, designed to harness the waters of the Nile and now in its first stages through the aid of a loan from Russia.

U. S. Embassy sources in Cairo have revealed that a new U. S. loan is being discussed to finance

DOROTHY DIX

Brother Wants Mama's Money

Dear Dorothy Dix:
We are four sisters and a brother. Every time this brother visits our mother he tells her she should give him her house now to save the inheritance tax. As a girl, he offers to pay her water bill and current taxes. What do you think of a son like that? We girls are boiling mad and Mama is very unhappy. — Sandy

Dear Sandy: Why is it that people change from cooing doves to howling hyenas when an inheritance is involved?

Tell your brother that he should hang his head in shame. Does he put money above his mother's peace of mind?

Dear Dorothy Dix:
I am now 17 and got married when I was 16 and had one child by my first husband. Shortly after I left him I fell in love with another man. We married and I bore him a child. Now I find myself in love a third time. My second husband doesn't care whether I love or not. Would it be right to put my children up for adoption or leave them in a private home until I make plans with my third man? — Puzzled

Dear Puzzled: There is only one communications and other projects in Egypt. Details probably will be completed next month.

Over a period of 10 years, U.S. money has been poured into the project to pipe Jordan waters of 500 million dollars. Aid to Egypt has not been so great but is sizable.

Meanwhile, in their personal quarrel, both sides remain adamant, and at the end of a decade seem no closer to peace now than in 1956 when President Eisenhower pledged the U. S. to seek "a fair solution of the tragic dispute between the Arab states and Israel, all of whom we want as our friends."

Dear Ardent: Find heart never won fairly. Speak up! Write to me care of this paper for my leaflet on the "Sly Bean." Anyone else can have the leaflet too by sending a stamped, self-addressed envelope, and address her in care of this newspaper.

(Release By The Bell Syndicate)

A tabulation made in 1890 listed 137 species and subspecies of fish in Arkansas water, including catfish, sturgeon, buffalo, perch, eel, drum, crappie, bream, largemouth bass, minnow, pike, sunfish and shad.

Ashdown Edges Hope and Lewisville Downs Emmet

By TEDDY JONES JR.
Hope Star Sportswriter

Lewisville dropped Emmet 47 to 31 and Ashdown edged the Hope Bobcats in a one point thriller, 49 to 48, in the opening game of the Hope Invitational Tournament before a good crowd at the Jones Field House last night.

Lewisville maintained a comfortable lead throughout the opening game. Sparked by Don Laudes' 19 points for high scoring honors the Red Devils advanced to the second round of the tournament, where they will meet the Big Nine El Dorado Wildcats on Wednesday night.

The Bobcats lost their spark in the third quarter of their game with the Ashdown Panthers. The cold third plus a hot fourth for the Cats fell one point short at the final buzzer and the Panthers advanced to the second round, where they meet Prescott Wednesday night.

An interesting card is slated for Tuesday night's doubleheader, as the De Queen Leopards square off against a tournament favorite, the Waldo quintet and the Stamp Yellow Jackets meet the Smackover Buckaroos of the 4AA Conference.

Monday night results: Lewisville jumped off to a fast lead and was ahead 11-5 at the end of the first quarter. 23-13 at the midway point, 35-22 by the end of the third and coasted through the fourth to a 47-31 first round victory.

Landes of Lewisville led the scorers with 19 points. David Douglas of Emmet captured runnerup honors with 13 points and McKinnie of Lewisville followed with 10 while Samuels and Lauder milk gathered 8 and 6 respectively for Emmet. Both teams lacked height and played on fairly even terms with the Lewisville lads' able to maintain a steady lead throughout.

The Bobcats playing without the services of regular floor man Byron Smiley got off to a slow start and trailed the Panthers 9 to 4 at the end of the first quarter. Smiley was sidelined due to nose operation recently undergone at Texarkana.

Dale Booth, Panther forward and playmaker, led all scorers with 22 points. Terry Don Thurman was high for the Bobcats with 12.

The Panthers threw up a zone defense at the start of the game and the Hope boys had difficulty

penetrating it and was unable to hit their long shots while shooting over it.

The Cats came to life in the second quarter and outscored Ashdown 19 to 14 to overcome the five point deficit and bring it to a 23-23 tie at halftime.

The Cats jumped to a quick two point lead at the start of the third but two field goals by Booth, along with five free throws, coupled with a field goal and two free throws by Watson jumped the Panthers to a 16 to 6 third quarter advantage. Score at the end of the third was Ashdown 39 and Hope 29.

A torrid fourth quarter all court press enabled the Cats to pile up 19 points to the visitors 10, falling one point short at game's end. The all court press proved costly for the personal foul angle with three Cats. Calhoun, Duke and Erwin fouling out. Ashdown lost Booth and Hubbard in the fourth quarter on four personals.

The Cats trailed by three points with one minute to go. Thurman sank two free throws to put the score 49-48. As the final buzzer went off a Thurman two handed jump shot from the foul circle barely bounced off the rim insuring the Panthers of their one point victory.

Was Another Rough Year on Champions

THE SPORTS PATROL

(Reg. U.S. Pat. Off.)

By STEVE SNIDER

United Press International

NEW YORK (UPI)—It was another rough year on sports champions with 74 per cent of the titleholders in 561 events from archery to yachting surrendering their crowns in 1959.

The New York Yankees, heavyweight champion Floyd Patterson, the U. S. Davis cup team and Louisiana State in college football were the major casualties.

But roughly three of every four champs who won in 1959 were supplanted in 1959. There were no repeaters at all in top auto racing categories, in bowling, canoeing, casting and yachting. Only three sports—handball, modern pentathlon and squash tennis—had all title defenders retaining their championships.

Seven of eight figure skaters retained major titles as did eight of 14 weight lifters. A surprising number of track and field stars and swimmers held their crowns but the new champions in both these sports far outnumbered the successful defenders.

Drop To Third
The collapse of the Yankees, almost perennial champs in both the American League and the World Series was baseball's best continuing story until the rise of the Los Angeles Dodgers at the finish.

From world champs, the Yanks slumped to third in their own league. Los Angeles edged the Milwaukee Braves for the National League crown and, in fact, the only repeater in 12 baseball championships was Minneapolis winner of the American Association playoffs. Among the "losers" were batting champs Ted Williams and Richie Ashburn, who gave way to Harvey Kuenn and Hank Aaron, respectively.

Patterson was one of the three world boxing champs to fall in ring combat, going out in three rounds against Ingemar Johansson of Sweden. A fourth-Sugar Ray Robinson—lost most of his middleweight title by commission decree with Gene Fullmer picking up all the National Boxing Association states.

Joe Bocerra of Mexico replaced Alphonse Hallimi of France as bantamweight king and Davey Moore of Springfield, Ohio, took Kid Bascy's 126-pound title.

Trophies Change Hands
In tennis, both international team trophies changed hands. Australia won the Davis Cup from the United States and U. S. girls regained the Wightman Cup from Great Britain. Bernard Barzen of San Angelo, Tex., winning the U. S. clay courts title, was the only repeater in men's tennis.

Jeanne Arth of St. Paul and Darlene Hara of Montebello, Calif., retained their U. S. doubles crown and Miss Margaret Osborne du Pont of Wilmington, Del., teamed with Aussie Neale Fraser in a successful mixed doubles defense. In all, 26 other major champions were beaten.

Mickey Wright of San Diego, Calif., racking it two in a row in the women's U. S. Open, was the only major golfer to repeat.

Syracuse ripped LSU as national college football champs and only Oklahoma, Connecticut, Wyoming, Tennessee Tech and Clemson retained league titles won the previous year.

Dave Jenkins and Carol Heiss led seven of eight world and U. S. figure skate champions in repeats but only three of eight speed skaters retained major titles.

It was roughest of all on the world's fastest men, who went 10 for 197 in major competition, leaving a total of 402 champions displaced in all sports compared to 152 who stayed on top.

LET THAT BE A LESSON

No Question About Top 3 in Basketball

By ED WILKS
Associated Press Sports Writer

Cincinnati, West Virginia and California are still thumping anybody who comes along as the top three clubs in major college basketball, but Utah, Ohio State and Illinois have just been thumped.

Utah, ranked No. 4 in this week's Associated Press poll, came to the end of the string Monday night as Duke (5-1) handed the Utes their first defeat in nine games 63-52 for a first-round upset in the Dixie Classic at Raleigh, N.C.

Kentucky, a three-time loser, came from 15 points back for a 98-95 decision over fifth ranked Ohio State (7-2) despite a 34-point job by the Bucks' Jerry Lucas in a non-tournament game at Lexington, Ky. Bill Lickert, switching to the backcourt, scored 29 for the Wildcats and Bennie Coffman sank 28.

Unbeaten Cincinnati, still No. 1, made it eight straight and gained the finals of the ECAC Holiday Festival with an 86-77 victory over stubborn St. Joseph's (Pa) at New York's Madison Square Garden. St. Joseph's, walloped 123-79 earlier by the Beantons, had the high scorer in Bob McNeill with 30 points and held All-America Oscar Robertson to 25 points, but never got closer than five points.

West Virginia (9-0) and California (7-0), ranked 2-3 headed to another showdown with first round victories in the Los Angeles Classic. The Mountaineers beat Stanford 68-47, but led by one, 40-39, with 8 minutes left before

Tech Players Not Eligible for Game

ATLANTA (AP)—Tommy Wells and Bobby Gene Harris, on academic probation, will not be available to Georgia Tech for its Gator Bowl football game with Arkansas, Tech Coach Bobby Dodd said today.

Wells is a placekicking specialist, and Harris a reserve back. When placed on probation last week, the players said they planned to appeal to the faculty executive committee to have the probation start with the beginning of the new quarter, Jan. 4.

That would have permitted them to play in the Jan. 2 Gator Bowl. At that time, it was announced that the appeal would be heard at a committee meeting early this week.

Dodd said today, however, that the committee has not met and will not meet until after the bowl game.

son retained league titles won the previous year.

Dave Jenkins and Carol Heiss led seven of eight world and U. S. figure skate champions in repeats but only three of eight speed skaters retained major titles.

It was roughest of all on the world's fastest men, who went 10 for 197 in major competition, leaving a total of 402 champions displaced in all sports compared to 152 who stayed on top.

About 86 per cent of the rice production goes directly to human consumption. Other parts of rice production go into the manufacture of beer and livestock feed.

Cincinnati Is Still Best in AP Ratings

By THE ASSOCIATED PRESS

Big O and Co., formally known as Oscar Robertson and Cincinnati, still top the nation's college basketball teams in the weekly Associated Press poll of sports writers and sportscasters.

The voting was conducted over the weekend, so the results of Monday's tournaments were not a factor. Robertson had solidified Cincinnati's position by scoring 47 points in Cincinnati's 96-56 rout of St. Bonaventure in Saturday's first round of the ECAC Holiday Festival.

Cincinnati drew 57 of the 103 first place votes. West Virginia received 27, California 14 and Utah five. In the point total, Cincinnati led West Virginia 932-879.

West Virginia, idle last week edged a bit closer to Cincinnati in the balloting despite Cincinnati's triumphs over Bradley and St. Bonaventure. West Virginia, with All America Jerry West, is competing in the Los Angeles Classic with such other high-ranked teams as California and Illinois.

California was rated No. 3 in the voting, moving up on its victory over Michigan State. Utah advanced two pegs to the No. 4 position by handing Ohio State its first defeat and also knocking off the College of the Pacific. But the Utes lost 63-52 to Duke last night in the Dixie Classic at Raleigh, N.C.

Ohio State drew solid backing and ranked fifth. There was a wide gap between Ohio State and sixth-place St. Louis which defeated Kansas and Creighton during the week. They have an important date Saturday with Bradley.

Close behind seventh-place Indiana came Illinois, which took a perfect 5-0 record into the Los Angeles tournament.

Bradley tumbled from fifth to ninth after its defeat by Cincinnati and Georgia Tech slid from eighth to tenth after Southern Methodist knocked it from the unbeaten ranks.

The top ten, based on 10 for a first place vote, 9 for seconds, etc. First place votes in parentheses.

All-America Jerry West, who scored 27 and took down 21 rebounds, took charge in a 10-0 spurt. California, a one-point winner over West Virginia in last season's NCAA final, ran its two-year streak to 23 by handing eighth-ranked Illinois a 62-48 loss, first for the Illini in six games.

Duke used just five men against Utah and all scored in double figures. Duke meets North Carolina, a 73-65 winner over Minnesota in Lee Shaffer's 29 points after trailing by seven, tonight. The other semifinal sends Wake Forest, which dealt Holy Cross a first loss 80-7 with 5-10 Billy Packer scoring 25, against Dayton's Flyers, who defeated defending champ North Carolina State 30-32.

Other Games
Kentucky 90, Ohio State 93
Michigan State 85, Butler 80
Tennessee 79, Princeton 71

Gonzaga 52, Wyoming 43
DePaul 75, Marquette 55
Idaho State 59, Colorado State University 51

Broyles Wants More Publicity for His Players

JACKSONVILLE, Fla., (AP) —

Take the emphasis off the coaches and put it on the players, says Frank Broyles, whose Arkansas football team will meet Georgia Tech in the Gator Bowl game Saturday.

Many stories have been written about Broyles, in his first bowl game as a head coach, meeting his alma mater and his former mentor, Coach Bobby Dodd. Broyles not only played at Tech, he was an assistant coach under Dodd for six years.

"They've been harping on that point a little too much, I believe," Broyles said yesterday. "I would like to see more about the boys in the papers than about me and Coach Dodd."

He carried out his theme by calling attention to the two All-American players who will see action—Arkansas' Jim Moody and Tech's Maxie Baughman.

"Moody is not just a good runner like some of the top halfbacks," Broyles said. "He can do just about anything well. There is no doubt about him being All-American."

The Arkansas coach said he saw Georgia Tech play its final season game against Georgia and "Maxie Baughman is just as good as they say he is."

The Razorbacks got in a quick workout after arriving yesterday, and Broyles scheduled two practice sessions today and Thursday. Georgia Tech resumed practice in Atlanta after a Christmas lay-off.

Dodd said he is not counting on either of two players who were suspended last week for academic deficiencies—kicking specialist Tommy Wells and halfback Bobby Gene Harris. They said last week they planned to ask that the suspensions start after the Gator Bowl game but apparently either their appeals were not taken or they were denied.

Thought For The Day:

Power acquired by guilt has seldom been directed to any good or useful purpose — Tacitus.

Pastor and Family Honored

The officers and members of the Oak Grove Baptist Church honored their pastor, Rev. E. N. Glover and family with a surprise shower on Christmas Day.

The Sunday School Department presented its Christmas program with a special number rendered by Maude Esther Glover, followed by the sermon by the pastor.

At the close of the services personal donations were given for the sick and aged residents of the community.

Coming and Going

Mr. and Mrs. Willis McCollum entertained their daughter, Mrs. Mary Sue Curry and T. W. McCollum with open house on Christmas Eve night. Approximately 30 guests attended.

Mrs. Curry and sons and Mr. McCollum left Sunday, enroute to their homes in Chicago and Peoria, Ill.

Mr. and Mrs. Leroy Ballard and Otis Ballard of Cleveland, Ohio are guests of their sister, Mrs. Shirley Buchanan and family.

Mr. and Mrs. C. G. Carmichael entertained with a party in their home on Saturday. Special guests were Miss Shirley Robinson, the daughter of Mr. and Mrs. Robert Robinson and a student at AM&N College, Pine Bluff, Mr. and Mrs. Leroy Ballard and Otis Ballard of Cleveland, and Mrs. Mary Sue Curry of Chicago.

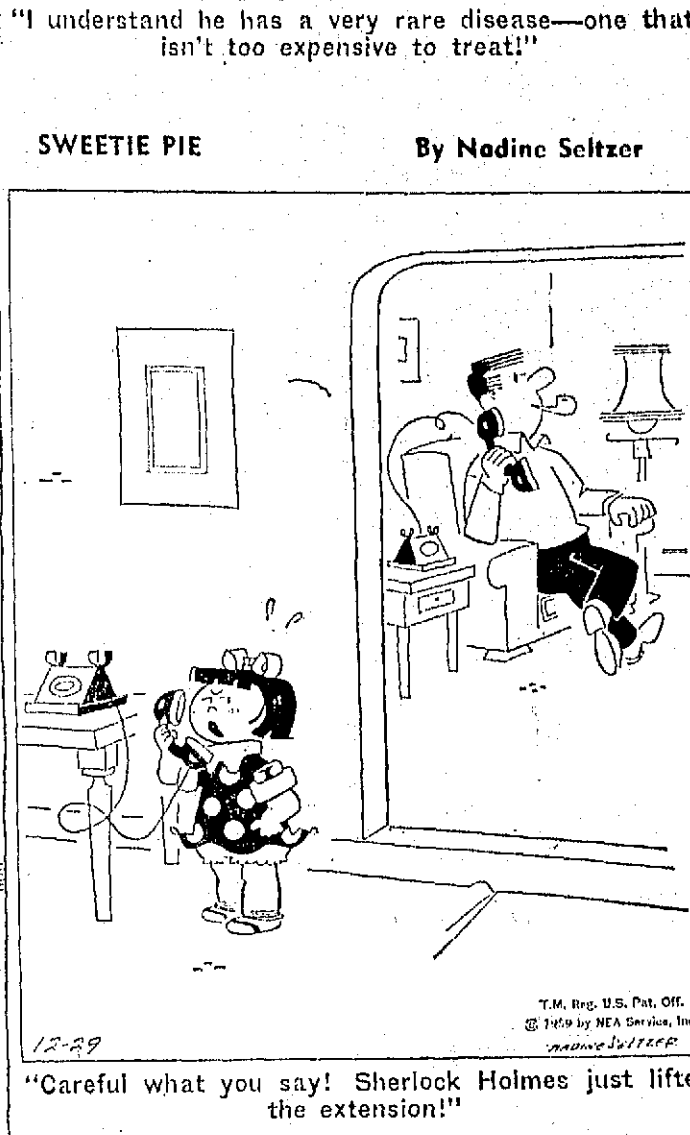

Mr. and Mrs. Frank Flenory spent the holiday weekend in Hot Springs as guests of their daughter-in-law, Mrs. Helen Flenory and family.

Cotillion Club Christmas Party
The Cotillion Club had a Christmas party on Tuesday, Dec. 22, in the home of Mr. and Mrs. Charlie Conway. The home was beautiful with seasonal decorations.

After games were played, gifts from the beautiful tree were given to each guest. Secret pals among the members were revealed and gifts were exchanged.

New Year to Usher in Ham, Roast Beef

By THE ASSOCIATED PRESS

Many housewives will usher in the new year by serving ham or beef roast.

These items are the major meat special advertised by supermarkets across the country during this between-holidays week.

In the New York area, hams range from 39 to 55 cents a pound.

Although costs vary by localities, here are some typical prices for featured beef cuts in the East: top round roast, 99 cents a pound; bottom round roast, 65 cents; boneless chuck roast, 79 cents; sirloin tip roast, 99 cents.

Turkeys are still around and some markets are pushing them for a repeat performance at the New Year's Day table. Prices are about the same as at Christmas.

Other meat specials include corned beef brisket, pork sausage and lamb legs.

Vegetables and fruits from the South and West are in good supply.

Best vegetable buys include large artichokes, hearts of Paris, endive, escarole, lettuce of wide range in quality and condition, medium yellow onions, Eastern potatoes, Florida celery, radishes and green Italian-type squash, sweet potatoes and water-cress.

In the good-buy classification are green beans, broccoli, Brussels sprouts, green cabbage, cauliflower, spinach and Texas mustard and turnip greens.

Among fruits best buys are Eastern apples, cranberries, and Florida avocados and citrus. Pears and emperor grapes are good buys.

Faubus Sees No Chance for Namination

LITTLE ROCK (AP)—Gov. Orval E. Faubus said today he sees little chance of his being nominated as a presidential candidate.

"But they'd get a pretty good campaigner if such a thing ever happened," the governor told his news conference.

Faubus made the statement in reply to a question about what he could offer as a candidate.

"I could talk to the people," added the governor.

"Some of the statements you hear from the candidates are so ambiguous you can't tell what they are talking about."

The mention of Faubus as a possible candidate for the Democratic presidential nomination at the party's national convention next year has cropped up on numerous occasions.

Along with that speculation, there has been a belief in some quarters that Faubus may seek an unprecedented fourth term as governor.

Faubus has said off and on, ever since the Little Rock integration crisis of 1957, that persons throughout the nation have urged him to seek the presidency.

He told the news conference that letters making such a request are coming into his office at a record rate these days.

However, the governor told newsmen, "Don't read anything into that because I am still not making any plans."

Faubus also is keeping his own counsel about any other possible moves of a political nature. He said recently he would make an announcement next March about the 1960 gubernatorial race.

The South is growing in influence on the forthcoming presidential election, Faubus said.

"This is the time when the position of the South could be decisive in both the conventions and the election."

Asked to comment further, he replied, "No, the subject is too deep."

Faubus had this comment on the decision of New York Gov. Nelson Rockefeller to drop out as a Republican presidential candidate: "I think it was based on realism. I noted from his statement that he didn't say the people were for Nixon; he said that those who would control the convention were for Nixon and didn't want a contest."

Nixon added Faubus could be making the same error as Thomas E. Dewey in 1946, in trying to play safe. Former President Harry S. Truman defeated Dewey that year.

Property Settlement in Divorce Case

HOT SPRINGS ARK (AP)—A property settlement has been reached in the divorce suit of Fern Deen Anthony against James Norman Anthony, son of a wealthy Hot Springs resident.

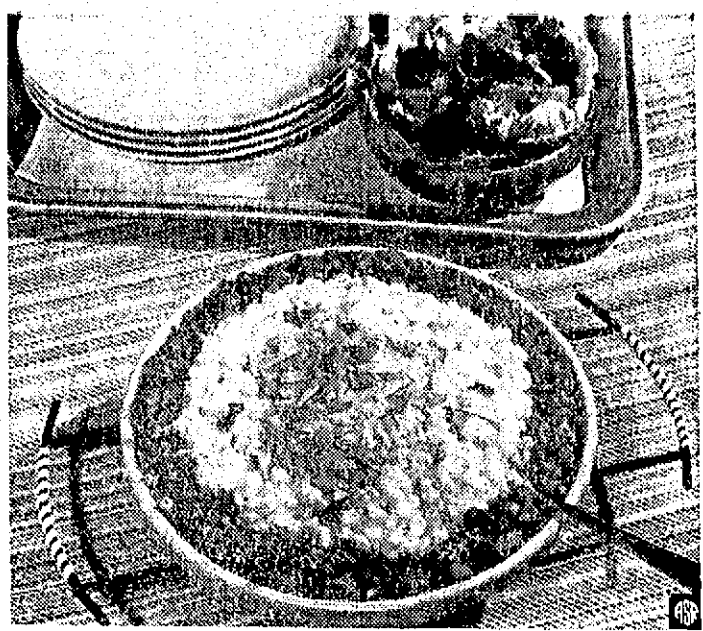

Mrs. Anthony, 20, will receive \$35,000 cash and a home valued at more than \$10,000. She will receive a \$2,500 mortgage on the house.

The settlement was filed as part of a proposed decree which would give her a divorce from James Norman Anthony, 25, a son of Garland Anthony.

She will resume her maiden name of Fern Deen Kilgore. An attorney said Chancellor Sam W. Garrett would sign the decree on Jan. 5.

Mrs. Anthony sued her husband several months ago, charging general indignities. He filed a cross complaint, listing similar allegations.

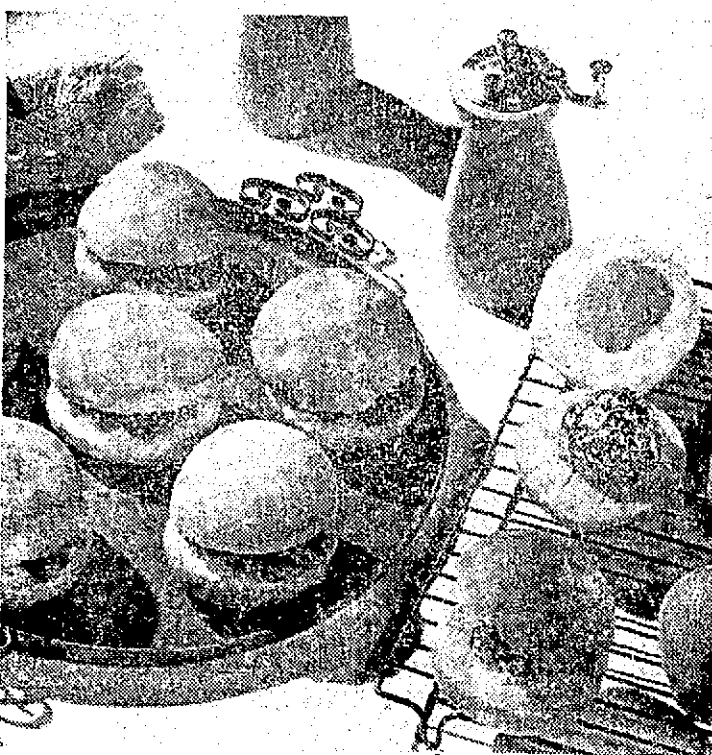

Winter's Casserole Wonder

Judge it by eating. Corn au Gratin in Hash Nest is a casserole wonder, brimful of goodness with pluses for attractiveness and on-the-shelf handiness. With a nourishing meat-vegetable combination casserole such as this one, add only a crisp tossed salad and buttered rye toast. The dessert choice is compotes of canned purple plums and pineapple chunks sprinkled with toasted coconut served with a generous wedge of pound cake.

Corn au Gratin in Hash Nest
1 can (1 lb.) corned beef hash
1 can (12 or 16 oz.) whole kernel corn
1 tablespoon chopped onion
1 tablespoon chopped parsley
1 can condensed cream of chicken soup
1/2 cup grated cheese
Press corned beef hash into a buttered shallow casserole to form a nest. Combine corn, onion, parsley and soup; pour into hash nest. Top with cheese. Bake in a moderate oven (350 degrees) about 30 minutes. Six servings.

HOLLOW BUNS—HAMBURGER FILLED!

Crusty hollow yeast buns filled with a hamburger mixture will brighten up any sagging appetite! Serve for lunch or late evening snacks or maybe after the game!

The hollow is made by wrapping yeast dough around a ball of foil. After baking, cut open, remove foil and you have a hollow to fill with a salad or hamburger mixture!

This yeast dough is made with biscuit mix to cut the rising, mixing and kneading time considerably from ordinary yeast doughs.

Try these soon, you'll love 'em!

CRUSTY HOLLOW BUNS

Make Hurry-up Yeast Roll dough (directions on Biscuit Mix pkg.). Divide dough into 12 pieces. Cut 12 pieces of aluminum foil, 6" square. Crumple a paper napkin into a ball and cover with foil and shape into a round bun-like shape. Roll each piece of dough into a circle making outer edges thinner than the center. Make larger than foil bun. Brush center of dough with melted butter, leaving just the edge to be pinched together. Wrap around foil bun and pinch together. Place on baking sheet, pinched side down. Cover and let rise in warm place (85°) 1 hr.

Heat oven to 425° (hot). Bake 10 to 15 min. Brush with butter. Cut around bun through center and remove foil. Fill hollow half of bun with your favorite hamburger or salad filling; top with other half.

Frozen Soups Are Fashionable Year 'Round

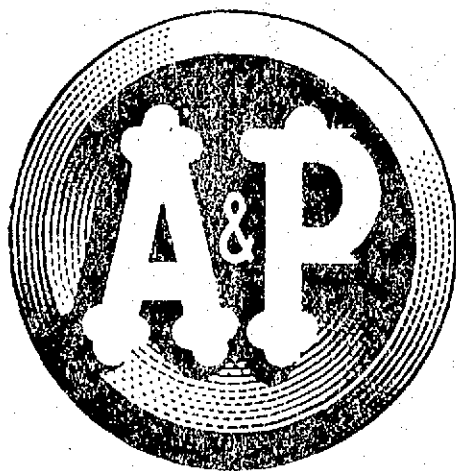

BUSY "pre-holiday" days are rounding the corner with each task vying for one another's time. And just when you're caught in a maze of ribbon, shopping lists, and colored foil, what happens? Dinner-time arrives. To solve it, here's a new approach. Frozen condensed soups are so fashionable in flavor and preparation... that planning a hearty meal—one soup for supper is a smart idea... and one that can be used repeatedly throughout the year.

The remainder of the meal should revolve around the soup and consist of easy-to-prepare foods such as in this menu:

ONLY THE VERY BEST IS BRANDED
On scenic slopes rich with grass, cattle graze and low
... cowboys still ride and rope, brand, herd and sing.
Modern ranching has contributed much to fine beef.
But skilled research and super production and pro-
cessing have done even more. Still only one out
of ten of these animals is good enough for Swift's
Premium Beef. That's why, though Swift calls it
Swift's Premium and we call it perfect for our custom-
ers, you and your family call it ... delicious! Look for
this brand - Your Assurance of Eating Pleasure ... on
each and every beef package.
